

Plantronics Voyager® PRO

Engineered for Sound Quality™

**THE
DIFFERENCE
IS CLEAR**

THE DIFFERENCE IS CLEAR IN EVERY CALL

The new Plantronics Voyager PRO is the must have business tool for the busy mobile professional. Today's demands require conversations on the move and constant communication with the office. All of this often happens in noisy environments, when travelling from office to office or country to country. The Voyager PRO is designed to accommodate this pace of life and offers a total audio solution that won't let you down.

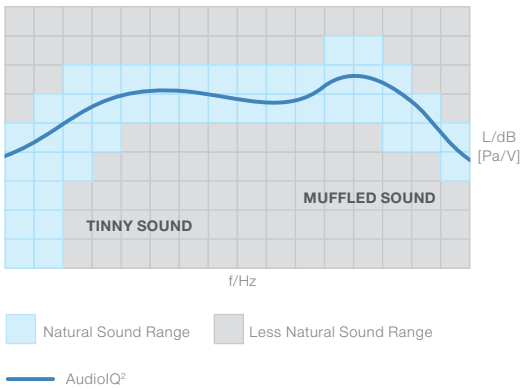

- Dual-microphone AudioIQ² noise-cancelling technology enriches voice quality
- Three layers of protection from wind noise
- Durable headset withstands daily wear and tear
- Multipoint pairs one headset to two Bluetooth devices
- Voice prompts alert battery and mute status
- Fast charging battery provides up to 6 hours talktime

Plantronics Voyager® PRO

Engineered for Sound Quality™

AudioIQ² Optimises Frequency Response

The internal 20-band equalizer in the Plantronics Voyager PRO headset automatically adjusts to background noise to maintain a natural-sounding voice quality. Headsets without Plantronics AudioIQ² technology tend to sound either too tinny or too muffled.
